SEC. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State Government for the two fiscal years beginning September 1, 1921, and ending August 31, 1923, and the further fact that the present fiscal year ends August 31, 1921, and the new fiscal year begins September 1, 1921, creates a necessity for the expediting of the passage of this appropriation bill, therefore creates an emergency and an imperative public necessity which demands that the rule requiring bills to be read on three several days be suspended and that this bill become effective from and after its passage, and it is so enacted.

[NOTE.—The enrolled bill shows that the foregoing Act passed the Senate, yeas 25, nays 0; and passed the House with amendments, no vote given; and that the Senate refused to concur in the House amendments and asked for a free conference; and that the House adopted the committee report, no vote given; and that the Senate adopted the free conference report, yeas 22, nays 1,]

Approved, except as herein shown, August 31, 1921.  
Effective August 31, 1921.
